

StarzNFT

Metaverse on Binance

Smart Chain

StarzNFT is a DEFI/NFT/Metaverse Crypto on Binance Smart Chain.

StarzNFT project tend to utilize the DEFI/NFT Metaverse platforms to further enhance Global Celebrities promotions.

About StarzNFT This project aims at encouraging the global celebrities in major fields of Sports and entertainments industry. The pilot phase will showcase basketball, American football, international Soccer,

Cricket, baseball, music and acting. Other areas will receive attention as the project expands.

This project will attempt to bring together these major industries by supporting them, making a global Fans-Celebrities connection and interaction to be well nourished producing a very robust Fans-Celebrities relationship.

Bringing the Best into Reality StarzNFT project will bring all these celebrities and their fans together. The sports and entertainment arena will motivate these global talents. This digital journey will further encourage these players, actors, musicians by showcasing their NFT and the NFT of their supporters thereby producing a robust atmosphere where both fans and celebrities interact.

This is why we are going to have a Metaverse that will bring about a virtual reality to this experience.
